WINDHAM FABRICS

NIGHT HIKE BY HEATHER GIVANS

One of Heather Givans' favorite retreats is being outside in nature, something she enjoyed from being a summer camp camper and an adventure trip counselor. Night Hike for Windham Fabrics echoes the beauty of the night sky, with the hope of seeing the Aurora Borealis, in color and in form.

"Can't you just smell the sappy pines, hear the wind coming as it blows through the tree tops, or catch the lonely sound of the loon as it calls across the lake?"

In Heather's own signature style of whimsy and textures, camp sites and lake maps, topographical lines, portraits of the night sky, as well as a flight of abundant moths and lightning bugs, this collection captures a feel of a cool evening around a campfire. Included on the selvage is a quote from naturalist John Muir "In every walk with Nature one receives far more than he seeks."
